3. How do you feel about this vision?

Our vision is to use the strength of the Trust to create a community which seeks to raise the enjoyment, achievement and aspirations for all, and ensures children and their families are supported from early years schooling through to higher education. The values of the Trust are underpinned by the principles of equality, inclusion and commitment to support the well-being of every child and their families in our schools.

The key aims for our Trust are to:

- Ensure consistently high expectations across all of our schools: among pupils, students, teachers, parents and carers.
- Enable all pupils to benefit from high quality teaching and learning;
- Work effectively with parents and carers, professionals and the wider community to promote health and well-being, in order to create the right conditions for learners to thrive;
- Make efficient use of all resources available to us and thereby maximise the benefits for learners;
- Work with external partners to widen the range of opportunities available to our workforce and our young people;
- Improve social cohesion within our community by strengthening our commitment to co-operative values, including respect, social justice, fairness and democracy.
